Every generation must play its part in caring for vulnerable people.

Every leader must pursue God’s purpose and priorities for vulnerable people.

**The mission:**

Every means must be employed to keep vulnerable people safe, heard and noticed.

## THE DIOCESE

To consider the National Church of England and Diocese of Chelmsford context for safeguarding

# HISTORICAL ABUSE

**A lack of transparency**  
**Unquestioned exercise of power and authority**  
**Use of scripture and theology to justify abuse**  
**Trivialisation of allegations**  
**The silencing of victims**

The Church is committed to safeguarding as an integral part of its ministry and mission promoting a safer culture and the welfare of every child, young person and adult. As such, the Church has robust policies, procedures and guidelines in place, to ensure good practice throughout the central organisation, its 42 dioceses and other Church bodies.

“...do well to remember that our responsibility towards the welfare of children is an all-year requirement. The Church has often fallen gravely short in this area, but, in truth, the safety and protection of children should be at the heart of all we do. This is not just a moral imperative but a theological one, central to our faith and how we build communities.”

**Regulations**

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interest** of the child.

Chelmsford Diocesan  
Board of Education

**Regulations**

**Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:**

- protecting children from maltreatment;
- preventing the impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

**Children includes everyone under the age of 18.**

It is essential that everybody working in a school or college understands their safeguarding responsibilities. Governing bodies and proprietors should ensure that those staff who work directly with children read at least Part one.

# Child Sexual Exploitation

All staff should be aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.' - ▶ Could be a potential indicator of abuse or neglect - leading to harm, exploitation or radicalisation
- ▶ Admissions and attendance registers - ensure in place and up to date and reporting in line with local procedures and requirements
- ▶ Monitor attendance and trends over time - especially vulnerable groups
- ▶ Homelessness or risk of - impact on child's welfare and safety

- ▶ Staff to be aware of potential indicators that a child may be at risk, where to access advice and reporting requirements

# Preventing Risk of Radicalisation

- ▶ Since July 2015 all schools are subject to the duty under the Counter-Terrorism and Security Act - to have due regard to prevent people being drawn into terrorism
- ▶ Seen as part of safeguarding duties and protecting from harm and abuse
- ▶ Definition of radicalisation - person supporting terrorism and forms of extremism - including online radicalisation
- ▶ Curriculum promoting democracy and respect and other aspects of 'British Values'
- ▶ Complex Area: What are some of the questions governors could be asking?

# Ofsted Education Inspection Framework (latest version September 2023)

31. We expect schools to meet the other requirements of Keeping children safe in education

105. On arrival at the school, inspectors must have secure access to safeguarding information, including:

- the single central record for the school
- a list of any referrals made to the designated person for safeguarding in the school and those that were subsequently referred to the local authority, along with brief details of the resolution
- any referrals made to the local authority designated officer regarding staff or other adults
- a list of all pupils who have open cases with children's services or social care and all pupils who have a multi-agency plan

98. Schools and inspectors must ensure that all actions are compliant with legal requirements on information-handling.

403. Inspectors will always consider the effectiveness of the school's safeguarding. All schools should have an open and positive culture around safeguarding that puts pupils' interests first.

405. Inspectors will not grade this key aspect of a school's work. However, inspectors will always make a written judgement in the report about whether the arrangements for safeguarding children and pupils are effective. Inspectors will go beyond simply reviewing documents in order to evaluate the safeguarding culture of the school.

Chelmsford Diocesan  
Board of Education

# Questions for governors to ask Leaders

- ▶ What evidence is there that as a school we are promoting a positive culture and ethos of safeguarding?
- ▶ How do we know if the required policies and procedures are in place and that they are effective, particularly for vulnerable groups?
- ▶ What strategies are in place for keeping children safe online and through mobile phone use?
- ▶ How are staff inducted, trained and kept up to date on safeguarding?
- ▶ Does the DSL have sufficient resources and time to carry out their role effectively?
- ▶ How are pupils supported to keep themselves safe?
